Private concierge for relocating families

Dear Relocation Partner,

When a family flies in for property viewings, school visits and relocation appointments, a short trip can involve several venues and a tightly packed schedule. BlackTor can look after the arrangements on the ground while your team guides the move.

We can meet clients at the airport or station, coordinate a chauffeur and accommodation, and plan journeys between school visits, property viewings and meetings with advisers. We can accompany clients to appointments and adjust transport arrangements if timings change.

On arrival for the move itself, we can help with temporary accommodation, onward travel and practical appointments during the first few days. Support can be arranged for a single visit or across several stages of the relocation.

Based in Plymouth, South Devon, we bring the discretion, judgement and etiquette of close protection to family concierge work. Personal accompaniment and close protection can be arranged in advance according to the family's needs.

If your clients would benefit from a local point of contact during a UK visit or move, I'd be happy to discuss how we can work alongside your team.

Kind regards,

James Charlesworth
